## A Note From Miss Hanss

Dear Families,  
We have had such a fun and busy October! The class did a great job leading our All Saint's Day Mass today. They worked hard to be ready! Thank you to everyone who made our Halloween party a success. I am truly thankful to be your child's teacher. They make me smile every day! Thank you for all you do.  
-Miss Hanss

## A Peek At What We Are Learning

Reading

We are continuing to work in our small groups for reading. We are reading fables, myths, and folktales.

Writing

We will work on writing what we are thankful for. We will also do a persuasive essay from the point of view of a turkey!

Math

We will learn about applying properties for multiplication. We will focus on facts for 3, 4, 6, 7, and 8.

Science

We will begin our unit on Electricity and Magnetism

Social Studies

We will learn about early civilizations and legends and folktales of world communities.

Religion

We will begin Unit 2: The Church is Holy. We will focus on sacraments and the Holy Spirit.

Tomorrow (11/2) is the Rochester Children's Book Festival at MCC from 10-4. I have volunteered at this event, and I highly recommend it! You can meet authors, purchase new books, and they have crafts for the kids. ☺
